

About Mario & Tony Painting

Tony on left, Mario on right

Mario & Tony Painting is a family-owned company that has been in business for more than 30 years. We are big enough to handle all of your needs but small

enough to ensure that your project gets the care you deserve. We are proud of our reputation as a service-oriented company, and we promise that you'll be satisfied with the final product and the attention we provide along the way.

Brothers Mario and Tony were recently featured in the article "Venice Comes to Brooklyn," published in *Profiles Magazine*. The article showcases our signature Venetian stucco technique and tells the story of the formation of the company and the superior services we offer.

We provide special wall finishing for residential and commercial projects, and our services include wallpapering and interior painting of walls and trim. Faux finishes, glazes, stains and textured paints are applied by hand in a range of techniques that produce beautiful, long-lasting finishes. Before painting, we prepare the workspace and protect all surroundings. We don't take any shortcuts in our work.

We have been making homes like yours beautiful since 1978, when the brothers moved here from Bari, Italy, and we look forward to working with you to transform your space.

Mario & Tony Painting

For over 30 years

CONTACT US FOR A FREE CONSULTATION

Our staff of friendly professionals is capable and detail-oriented. We provide no-charge, no-obligation cost estimates and consultations to ensure that all aspects of your project are fully understood, from quote to finish, preventing any surprises in the middle of our work.

If you would like to arrange an appointment to review your needs, please visit our Web site at www.marioandtony.com or call us at 917.374.1498.

OUR SERVICE AREA

We serve all five boroughs of New York City, Long Island and areas of New Jersey. We are also willing to work outside of this area.

OUR SERVICES:

Mario & Tony Painting offers a full range of services. Below is a list of our main areas of expertise. If your project has any special requirements or considerations, we will be happy to discuss them with you during our free consultation.

Free consultation: Careful planning is the key to providing optimal results. During our consultation, we will discuss your specific needs and your options for color and texture. We provide color swatches and samples of the latest techniques in faux finishes.

Preparation: Properly preparing the space accounts for 75 percent of our work. Sanding, plastering, taping, caulking and priming are all necessary elements of preparation. If the space is not properly prepared for painting or wallpapering, the results can be undesirable and could end up costing you more in the end.

Faux and custom finishes: Marble, strié, Venetian stucco, glaze and sponge effects are among the limitless possibilities to transform your space into a beautiful and unique environment.

Painting: We only use products of the highest quality, including Benjamin Moore paints and imported Italian silk paintbrushes.

Wallpaper: Papering is an art that takes time to master. We rely on the highest grade of materials, techniques and craftsmen to produce beautiful results.
